

# GREAT TRUTH

Great Truth is human solutions into awareness. It is a summit marked by a question, can we, as individuals, solve all social issues and reconcile differences in religions?

The answer is YES. We have a solution to the all-time concerns, and never resolved problems. Everyone can be a solution to all social and religious issues. My name is Andy, and I bring a message about the universal meaning of life through the advancement of religious freedom, faith, and politics. Together, we can create a society that offers the universality to best possible meaning in everyone's life."
